ENCOUNTER

Go ahead, plan your trip — circumnavigate Prince Edward Island, or cruise the St. Lawrence to the sea. The Encounter was created for long, solo expeditions with ample gear. It tracks straight and carries weight easily over rough water.

Roomy enough for large people and buoyant enough for heavy loads, the Encounter is a specially engineered craft. But it's engineered for comfort, too — with the standard sliding bucket seat and foot braces, you can easily adjust the canoe to fit you and your load.
